25X1 25X1A SECTION 25X1 25X1 7. VP Inspektionen were ordered to promote the recruiting campaign for the VP. Specially selected and qualified officers will be assigned the mission of promoting the recruiting of new VP personnel with the co-operation of SED functionaries. The recruiting campaign was to be conducted in an attractive way by the organization of dances , concerts, theatrical performances etc. Slogans to be stressed were the fight against the West German mercenary army. West German war mongers, the protection of the German Democratic Republic and of world peace. People who openly showed their aversion to the recruiting campaign were to be reported to the VP Irspektionen. No recruiting was to be conducted in the vicinity of West Berlin, Professional soldiers and soldiers who were in Western FW captivity besides members of professional fire brigades prior to 1945 were to be excluded from recruiting efforts. 25X1 25X1X 25X1X 25X1 25X1 a new recruiting campaign for the Schutzpolizei was started in early October. The campaign was motivated by the fact that the Schutzpolizei proved to be of imadequate strength on 17 June 1953. The recruiting campaign was directed at men and women from 18 to 45 years old. Recruiting commissions of one officer and EM each were sent into specific areas of the Kreis involved. In rural areas the recruiting campaign was jointly 25X1 conducted with the local heads of the administration. Married candidates were 25X1 enlisted as Wachemeister with a monthly salary of 320 eastmarks, while bachelor candidates were recruited as "Anwaerter" (candidates) with a monthly 25X1 salary of 240 eastwarks. . It appears that recruiting procedures for all branches of the VP and for the SSD were revesed and that recomitive of procedures for all branches of the VP and for the SSD were revesed and that recruiting of parsonnel for the KVP was given priority. 25X1 SECRE
